The framed infrastructure, well-knit schedule of activities, the dedicated team of BPS promise to provide a holistic education in a safe and vibrant learning environment and offer a range of opportunities that are structured to promote excellence, confidence and self esteem in every child.

Hariram Ranwa
Chairman

“ Develop a passion for learning. If you do, you will never cease to grow.” Bhartiya Public School is a school that imparts lifelong learning which empowers the child to be the architect of own life and an ambassador of good, compassionate and productive citizenship deeply rooted in the values of our school. I assure you that our school will definitely prove that it is really a corridor to the future for the stars of your eyes in due course of time.

Dr. Shishram Ranwa
Vice-Chairman

Bhartiya Public School is a privileged place to work. BPS has a special place in my heart. At Bhartiya Public School our approaches to learning is child centric & encouraging. In our curriculum student is the primary focus and each child is involved in the learning process. While academic excellence is our major thrust, the school is also devoted to prepare the students for life, groom them to face the challenges of tomorrow, and encourage them to be socially relevant.

Rajendra Dhaka
Director

Education is not the process of producing doctors, engineers, architects, lawyers etc, but in the true essence education revolves around the maturing and moulding of every individual into a human being. I feel proud that in our institution the students exhibit the qualities like honesty, compassion, empathy, respect, obedience responsibility, helping attitude and goodness towards all. With the blessings of Almighty, I am deeply committed and firmly resolute to take the school to greater heights with the support of my honest and loving team members. I express my hearty thanks to all the stakeholders to be a part of Bhartiya family and all the readers to value our message.
